

RESOLUTION

WHEREAS, Aaron White & Grant Law petitioned the Chattanooga-Hamilton County Regional Planning Commission to recommend to the Members of the City Council of the City of Chattanooga the rezoning from M-1 Manufacturing Zone to C-3 Central Business Zone, properties located at 804 & 901 Riverfront Parkway.

Lot 1, Newton Chevrolet Subdivision in Plat Book 42, Page 347, Deed Book 3440, Page 88, ROHC and Lot 2 Newton Chevrolet, Phase 2 in Plat Book 103, Page 191, Deed Book 2082, Page 633, ROHC. Tax Map 135N-A-003 and 135N-B-007.01 as shown on the attached map.

AND WHEREAS, the Planning Commission held a public hearing on this petition on June 13, 2016,

AND WHEREAS, the Planning Commission heard and considered all statements regarding the petition,

AND WHEREAS, no one was present in opposition to the petition,

AND WHEREAS, the Planning Commission has studied the petition in relation to existing zoning and land use and potential patterns of development,

AND WHEREAS, the Planning Commission has determined that the proposal would be an extension of an existing zone.

NOW THEREFORE, BE IT RESOLVED that the Planning Commission, on June 13, 2016, recommended to the Members of the City Council of the City of Chattanooga that this petition be approved, subject to the following conditions.

1. Review.

The following review shall be required to promote compliance with the Downtown Plan, to help ensure that new development complements the existing urban fabric, and to promote the preservation of historically or architecturally significant structures.

A. For any activity requiring a land disturbing permit, non-residential building permit, or residential building permit for structures with more than 2 units, and excluding all interior renovations:

- (1) The Applicant is required to schedule a meeting with the Community Design Group during the concept development phase of site design.
- (2) The Applicant is required to schedule a pre-submittal meeting with the City's Land Development Office.

(3) All site layout plans, landscaping plans, and building elevations required by the Land Development Office shall also be reviewed by the Community Design Group prior to approval.

B. For any activity requiring a residential building permit for new construction:

(1) The Applicant shall provide illustrations, such as specifications, photographs, or other images, to the Community Design Group for review of the work to be completed.

2. Setbacks.

A. For new multi-family buildings three (3) stories in height or greater, and for all new non-residential buildings, a zero building setback is required along the street frontage for buildings fronting Riverfront Parkway.

(1) To accommodate outdoor pedestrian activities including a park, plaza, or outdoor dining, a greater setback is permitted if a street edge delineating the public and private space is provided in accordance with Condition 6.A.

(2) For multi-family buildings three (3) stories in height or greater, a greater setback is permitted if entrances to individual units front the street.

B. For new single-family detached, duplex, townhome, and multi-family structures less than three (3) stories in height, building setbacks shall be consistent with the existing setbacks on the same side of the street.

C. For properties fronting the Tennessee River, a public easement a minimum of thirty-five (35) feet in width shall be provided along the river for the continuation of the Riverwalk.

3. Height Requirements.

A. The minimum height of new nonresidential buildings shall be eighteen (18) feet.

B. The maximum height of all new nonresidential buildings and new multi-family buildings shall be 75 feet.

4. Access to sites and buildings.

A. New curb cuts shall not be permitted on the primary, or highest order street, that a property fronts, except when there is no alley or secondary street to provide access.

The permitting and location of curb cuts on primary streets shall be approved by the City Traffic Engineer based on vehicular and pedestrian safety concerns.

- B. Alleys, where they exist, shall be used as the principal vehicular access.
- C. In the absence of alleys, the secondary, or lower order street, shall be used as the principal vehicular access.
- D. Shared drives should be used wherever possible.
- E. The primary pedestrian entrance to new buildings shall be provided from the primary street.

5. Off-street parking.

- A. New off-street parking shall not be permitted between a building and the primary street frontage.
- B. For new construction of a primary building, or improvements altering more than 25% of the parcel that is covered in pavement (including gravel, impervious surfaces, and pavers), the following is required:
 - (1) Off-street parking fronting a public street shall be screened from the right-of way with a street edge in accordance with Condition 6.A. Front end in or parallel parking along alleys is exempt from this requirement.
 - (2) Surface parking lots shall be landscaped with a minimum of one (1) Class I shade tree for every five parking spaces. Where conflicts with overhead utility lines exist, Class II shade trees may be used.
- C. Garages for new residential dwellings shall be located behind the primary building.
- D. There are no minimum requirements for the quantity of off-street parking spaces. However, site plans shall indicate the quantity and location of off-street parking provided, along with the following information:
 - (1) Proximity to transit stops
 - (2) Provision of bicycle facilities
 - (3) Availability of adjacent on-street parking, proximity to public parking facilities, shared private parking, or leased off-site parking
 - (4) Type of uses and hours of operation
 - (5) Square footage of commercial uses or number of residential units
 - (6) Fire Department access

6. Street Frontage.

- A. Where a street edge is required, it shall be provided as follows:
- (1) The street edge shall have a minimum height of three (3) feet and a maximum height of four (4) feet above grade and shall consist of:
 - (2) Brick, stucco, or stone walls (concrete block is permitted if faced with said materials); or
 - (3) A decorative metal fence with landscaping a minimum of 3 feet in height at maturity, providing a year-round near opaque screen; or
 - (4) An evergreen hedge, with a minimum height at maturity of 3 feet.
 - (5) Highway-style guardrails or security fencing (e.g. chain link) shall not be permitted.
- B. Ground floor openings (doors and windows) shall constitute a minimum of 50 percent of the ground floor façade area for new non-residential buildings.
- C. Eighty percent (80%) of the ground level building façade, facing primary streets, shall be designed as leasable space and shall not include parking lots.

The remainder of the ground floor may be designed to incorporate parking, provided the parking is completely screened from public view.

- D. No security-type roll up metal doors shall be newly installed where they would front streets other than interior block alleys.
- E. All dumpsters and mechanical equipment shall be placed to the rear of the property and shall be screened from all public rights-of-way.

Respectfully submitted,

John Bridger
Secretary

2016-095 Rezoning from M-1 to C-3

PLANNING COMMISSION RECOMMENDATION FOR CASE NO. 2016-095:
 Approve, subject to the list of conditions listed in the Planning Commission Resolution.
